**INFORMATION and PREPARATION**

**Presentation** (both versions) (1) Availability to set up one hour before the starting time. (2) Two 8 ft. tables (or three 6 ft.)\* located where the insects are to be viewed. The people should be able to go around all sides. (3) Adults (2-4) to monitor the display tables. (Everyone is excited, but the specimens are fragile.) (4) Access to an electric outlet within 15 ft. (5) Seating so everyone can see the screen. (6) If the church has a PowerPoint set-up, the slides must be controlled from the position of the presenter.

**Lab** (1) Availability to set up one hour before the starting time. (2) If field work is included it is the responsibility of the scheduling organization to obtain parental permissions. (3) One table (minimum 6 ft.)\* for the presenter and enough tables for participants if field work is scheduled. (4) Limited to 25 with one adult for every five students. (5) In addition to the standard stipend, the organization will need to pay for (or prepare) copies of the *Lab Handbook prior to the lab*.

**Hands-On Program** Same as (1) through (3) of Presentation. Maximum of 20 children per session.

**Booth Display** (1) Availability to set up one hour before the starting time. (2) One 6 or 8 ft table\*. I can bring a small one of my own if no tables are available.

**Stipend/donation** [No local church or Christian group within a 30-mile drive will be turned away if finances are an issue. Others will be prayerfully considered.] (1) \$50 per presentation, booth, hands-on, or partial lab (\$150 per full lab), \$25 per prelude. (2) Round trip mileage at 50 cents per mile (each mile over 30) from Poca, WV. Tolls are extra. (3) Travel beyond a three hour drive: motel accommodations and meals. (4) Travel beyond a six hour drive: round trip plane ticket (at the risk of the host), motel accommodations, and meals. Only a small part of the insect collection can be transported. (5) Checks to be made to Karl Priest or a designated ministry. (6) Full amount is due on date of presentation. (7) Love offerings, in addition to the per program amount, are welcome and help get the program to Christian groups with limited finances.

**Non-church groups** The presentation and lab can be suitably adjusted, however it will be made clear that the program is based upon creation science and that evolution is not true.

Presentation and lab details are located on the website and are to be understood prior to committing to a date. Questions are welcome.

\*If necessary, smaller tables can be provided by The Insectman.
