SPEAKER BIOS

DR. ROBERT CARTER

Dr. Robert Carter was converted to Christ at an early age but was troubled by the theory of evolution. He always knew what he wanted to believe but had no way to express what he was

thinking and no evidence to support his views. As a college freshman, he was first exposed to evidence for creation and soon after thoroughly adopted it. He felt tremendous joy when he realized science and religion were no longer at odds. Creation magazine and the Journal of Creation enabled him to endure the in-depth training in evolution from undergraduate and graduate programs with his faith intact.

Dr. Carter obtained his PhD in Marine Biology in 2003 from the University of Miami with a dissertation on "Cnidarian Fluorescent Proteins." While in Miami, he licensed a spin-off product of his research (a patented fluorescent protein) to a biotech company. He is also an accomplished scuba diver.

NOTES

DR. JONATHAN SARFATI

Dr. Jonathan Sarfati received his PhD (Physical Chemistry) from Victoria University of Wellington, New Zealand. He coauthored papers in mainstream scientific

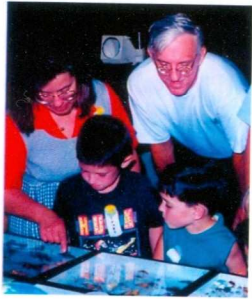

journals including one on high-temperature superconductors published in Nature at age 22.

His first book *Refuting Evolution* (1999, 2008) now has over 400,000 copies in print. *Refuting Evolution 2* (2002, 2010) and the highly acclaimed *Refuting Compromise* (2004, 2010), are both responses to attacks on the biblical view of history. He is coauthor of the updated *Creation Answers Book* and *15 Reasons to Take Genesis as History* (2006).

In 2008, he finished *By Design: Evidence for Nature's Intelligent Designer—the God of the Bible*. In 2010, he wrote *The Greatest Hoax on Earth? Refuting Dawkins on Evolution*, a response to leading atheopath Richard Dawkins' latest book *The Greatest Show on Earth: The Evidence for Evolution*. Dr. Sarfati is also former New Zealand Chess Champion.

KARL PRIEST - CHILDREN'S PROGRAM

Karl Priest accepted Jesus Christ as his Lord and Savior in November of 1968, and since then, by God's grace, has taught Sunday school, helped found a neighborhood

church, established a local chapter of Campus Crusade for Christ, did street witnessing, drove a church bus, helped build a Christian school literally from the ground up, and founded the Kanawha Creation Science Group.

He was on the dean's list at West Virginia State College and obtained a Bachelor's degree in education with a specialization in middle school mathematics. He also has a Master's degree in administration, state certification as a reading specialist, and retired after 35 years of teaching—four as a principal. He taught kindergarten through 9th grade as a math specialist, and spent nine years as a junior high/middle school math teacher.

Other experiences include Golden Gloves boxing, mail man, house parent at children's home, and NCAA college baseball umpire. He served in the US Navy aboard the USS Wright, a national command post for the president in case of nuclear war.

Mr. Priest has a ministry using his large insect collection to proclaim Christ as the creator. He demonstrates that insects are truly incredible and inspirational.

CHILDREN'S PROGRAM

Karl Priest, 'The Insect Man,' will provide a program for children ages 6 - 12, during the conference.

CONFIRMING CREATION. CONFRONTING EVOLUTION.

ORIGINSRALEIGHCONFERENCE.COM

Providence Baptist Church, 6339 Glenwood Ave., Raleigh, NC 27612, Saturday, September 8, 2012

Sponsored by the Triangle Association for the Science of Creation (TASC), tasc-creationscience.org, with cosponsor Creation Ministries International (CMI), creation.com.

Our culture is saturated with evolutionary teaching, even though scientific evidence does not support it. Surveys show it is one of the major stumbling blocks to faith in God's Word. A major emphasis of both TASC and CMI is to equip and motivate God's people to defend the Christian faith and evangelize the lost through the creation/gospel message. This conference is designed to convey evidences for creation and expose the many serious flaws of evolutionary claims. We hope to equip Christians with the truth about science as it relates to God's Word.

Our invited speakers are Dr. Robert Carter and Dr. Jonathan Sarfati from CMI (see included bios). For our children's program, we have invited Karl Priest (the Insect Man; see his included bio).
