- \_\_\_ **BOOTH DISPLAY** (1-3 hours)

Date(s) \_\_\_\_\_ Time(s) \_\_\_\_\_

Directions to the facility (use the back of this form if necessary)

\_\_\_\_\_  
\_\_\_\_\_

**PRESENTATION** (both versions) (1) Availability to set up one hour before the starting time. (2) Two 8 ft. tables (or three 6 ft.)\* located where the insects are to be viewed. If possible, the people should be able to go around all sides. (3) Adults (2-4) to monitor the display tables. (Everyone is excited, but the specimens are fragile.) (4) Access to an electric outlet within 15 ft. (5) Seating so everyone can see the screen. (6) If the church has a PowerPoint set-up, the slides must be controlled from the position of the presenter. (7) See the music that will be used at <http://www.insectman.us/misc/songs.htm>.

**LAB** (1) Availability to set up one hour before the starting time. (2) If field work is included it is the responsibility of the scheduling organization to obtain parental permissions. (3) One table (minimum 6 ft.)\* for the presenter and enough tables for participants if field work is scheduled. (4) Limited to 25 with one adult for every five students. (5) In addition to the standard stipend, the organization will need to pay for (or prepare) copies of the *Lab Handbook prior to the lab*.

**HANDS-ON PROGRAM** Same as (1) through (3) of Presentation. Maximum of 20 children per session.

**BOOTH DISPLAY** (1) Availability to set up one hour before the starting time. (2) One 6 or 8 ft table\*. I can bring a small one of my own if no tables are available.

**STIPEND/DONATION** No local church or Christian group within a 30-mile drive will be turned away if finances are an issue. Others will be prayerfully considered. Donations/love offerings go to Exodus Mandate (<https://exodusmandate.org/>) and checks should be made out to Exodus Mandate.

**NON-CHURCH GROUPS** The presentation and lab can be suitably adjusted, however it will be made clear that the program is based upon creation science and that evolution is not true.

**MISCELLANEOUS** Travel beyond a two-hour drive requires motel accommodations and meals. Travel beyond a six hour drive requires a round trip plane ticket (at the cost and risk of the host). Only a small part of the insect collection can be transported by plane.

\*If necessary, smaller tables can be provided by The Insectman.
